

Angel Cloud

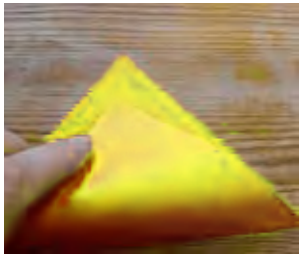

Quartz invites you to respond to the war by folding an Angel.

(The Angels in these instructions are red, yellow, and blue - but pick colours as you feel)

When we see suffering it is a basic human instinct to respond. Practical aid is one way to respond, and it is good. There is more to life than just our physical elements. The Angel cloud is a way to access this. Folding an angel can be a way of working through the frustration, making a statement, acting in solidarity - and many other things.

We invite you to participate with integrity, and transform difference into an awareness of the need for peace.

As Quartz it is our way to pray. This type of prayer means that we (spiritually) stand with all those who are suffering. Protest about the wrongness of War and hope for peace.

Fold square of paper in half, corner to corner twice

Bring sides together, making valleys

Fold the valleys in and make triangle

Flatten and crease folds

Take a corner and fold it down

Repeat

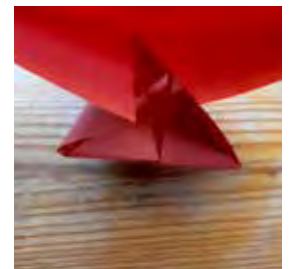

Fold up

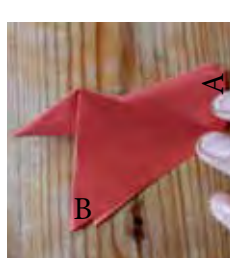

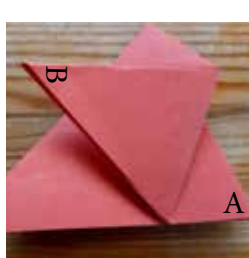

Repeat

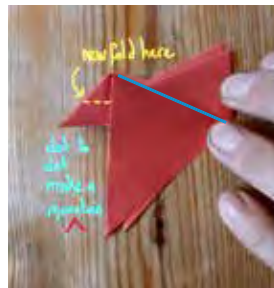

Tuck both into little "pocket"

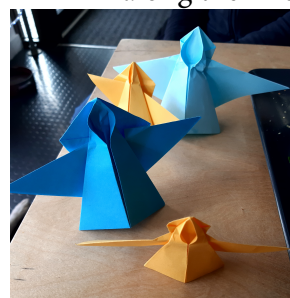

Fold corner of triangle up and across. Turn over and do the same on the other side. Lay flat

Turn over. Fold core in half down the middle

Open up and tuck the edge marked in blue along the middle fold, making wings

Please leave Angels with the Stove cafe, or where you find this!

The website below has links to practical ways to help as well

This installation is hosted by the Mid Steeple Quarter project in "The Press" shop front
